

### Graber Crystalpleat Shades - Cleaning Instructions

Cleaning Method	Frequency	Location on shade	Recommended cleaning tools	Recommended cleaning products	Recommended for the following fabric types	Recommended cleaning techniques
Dusting	as needed	front & sides	feather, swiffer, soft dusting cloth		All Fabrics	Dust each pleat and on the ends. Pull the recommended cleaning tool across with a rotating motion.
Vacuum	bi-weekly	front, sides & back	medium suction with soft brush attachment, if needed the long pointed nozzle can be used.		All Fabrics	Vacuum each pleat with a slow horizontal brush motion. Work your way left to right and down from top to bottom.
Spot cleaning	when needed	suitable for small areas	soft cloth, sponge  <b>Note:</b> The shade fabric is composed of soft non-woven fiber. Unlike upholstery-type products this fabric must not be rubbed vigorously to remove spots. Light strokes and dabbing will preserve the fabric's look and color.	<b>Tide</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Mix one tablespoon of Tide to one cup of water. Soak cloth in water and Tide solution, dab spot and let sit for 5 minutes. Use a damp sponge to absorb stain. Gentle brush strokes can be used. Do not rub vigorously. If needed, concentrated Tide can be applied to the stain and sponged off.
				<b>Woolite</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Mix one tablespoon of Woolite to one cup of water. Soak cloth in water and Woolite solution, dab spot and let sit for 5 minutes. Use a damp sponge to absorb stain. Gentle brush strokes can be used. Do not rub vigorously. If needed, concentrated Woolite can be applied to the stain and sponged off.
				<b>Joy</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Mix one tablespoon of Joy to one cup of water. Soak cloth in water and Joy solution, dab spot and let sit for 5 minutes. Use a damp sponge to absorb stain. Gentle brush strokes can be used. Do not rub vigorously. If needed, concentrated Joy can be applied to the stain and sponged off.
				<b>Dawn</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Mix one tablespoon of Dawn to One cup of water. Soak cloth in water and Dawn solution, dab spot and let sit for 5 minutes. Use a damp sponge to absorb the stain. Gentle brush strokes can be used. Do not rub vigorously. If needed concentrated Dawn can be applied to the stain and sponged off.
				<b>Tech stain</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Lightly dab or spray the area with Tech Stain remover. Let soak in for one or two minutes. Dab area with warm water. Use a soft cloth or sponge to dab dry. Do not rub vigorously.
				<b>Bleach Pen</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Lightly dab the area with bleach Stain remover. Let soak in for one or two minutes. Dab area with warm water. Use a soft cloth or sponge to dab dry. Do not rub vigorously.
				<b>Woolite Oxy Deep Clean or Resolve</b>	Elegant Neutrals, Daydream, Facets, Nuance, Garden Retreat, Cocoon, Privacy, Scroll, Solitude Watercolor Linen	Spray area to be cleaned. Do not allow cleaner to soak longer than 30 seconds. Lightly dab the area with a soft sponge. Dab area with warm water, use a soft cloth to pat dry. Do not rub printed colors and do not rub vigorously.
<b>Wash tub method</b>	Use this method once a year when needed or if shade becomes heavily soiled/top soiled	Do not immerse/submerge headrail or bottomrail	SWF recommends that shades over 36" wide are professionally cleaned	<b>Tide</b>	Elegant Neutrals, Translucence Jackfrost, Daydream Snow White	Place in tub that is about 40 x 20 x 6 deep 10 tablespoons of Tide in 4" of water Let shade body soak for about 15 - 20 minutes Use a sponge to dab pleats not submerged in water. Rinse shade off with luke warm water and compress shade to remove excess water being careful not to crease fabric.
<b>Drying</b>	Hang shade in open position to dry. Once shade is dry collapse shade for 24 hours to retrain pleats
